

Indicate your supplies choice (rent or bring-your-own) for James Island in the form below. For Isle of Palms, just let me know if you'd like to rent when you come in to class the first day, and pay me \$20 and you will be all set.

For those bringing their own supplies, student-quality paints, paper and brushes are fine for this class. If you have supplies that are similar but not exactly the same as what is on my list, you can just bring them in on the first day and I will let you know if anything else is needed for the rest of the classes. In watercolor, it's the cheaper pre-set pans that are often not usable (I only use tube paints, but better quality cakes are ok).

Supply lists are in the class descriptions.
